Bachelor of Science in Computer Science

University of North Carolina at Charlotte, Charlotte, NC

August 2017

Skills

- Java
- Spring/Spring Boot
- DevOps
- Agile Development
- Microservices
- CI/CD

Work Experience

Software Developer

February 2021 – Present

SSI Schaefer, Charlotte NC

- Developed Microservices in a REST API for automation software used by distribution facilities
- Collaborated with other teammates in an agile environment using Jenkins, Github, Docker, and Junit
- Maintained legacy code through continuous integration and deployment (CI-CD)
- Created a new OLTP messaging system using IBM MQ for one of our customers
- Deployed and developed software solutions from customer requirements independently with little supervision in a fast paced environment

Mundane Heroes

June 2020 - November 2020

- Worked on a Kickstarter project for a tabletop game
- Designed a Restful API implementing online forums for users to discuss the game, ask questions about rules, etc.
- Uses Oauth2 security with Bcrypt hashed and salted encryption
- Built with Spring Boot, AngularJS JavaScript, Postgres SQL, JPA, and Oauth2

IT Specialist,

February 2018 - May 2020

PayTomorrow Finance, Cornelius NC

- Provided IT support for the company to ensure nobody had computer related issues
- Worked with software development team testing software with JIRA to ensure functionality
- Managed cloud operations with Microsoft Azure
- Collaborated with Spring Boot team to build Restful API

Sales Representative,

December 2017 - February 2018

Capstone Consultants, Charlotte, NC

- Sold AT&T products door to door meeting goals of 10 sales a week
- Trained others how to be successful at door to door sales to increase productivity
- Promoted across NC to increase sales
- Required me to be self-motivated and work independently without supervision
